

Old Settlers Dental
119 E. Old Settlers Blvd.
Round Rock, TX 78664

We would like to welcome you to our practice. You made the right decision! We are dedicated to providing you with the finest dental treatment available. Your comfort is our first concern.

It is important that the patient understands his or her coverage, including their financial responsibility. The portion that your insurance does not cover is your responsibility. Please note that the insurance is a discount, one to assist you with your dental care. Dental insurance is not a guarantee of payment. Balance not covered by insurance will be the patient's responsibility. Our office will provide you with an estimated co-pay before scheduling dental work.

Please note that insurance companies cover amalgam (silver) and resin (white) fillings differently, resin costing slightly more. All insurance policies may cover different percentages, so again please be aware of some insurance regulations.

In order to maintain quality service, we require a forty-eight hour cancellation notice. A missed, no-show/late cancellation is subject to a \$75 penalty. Our office is unable to re-appoint a patient who has broken such appointments more than twice. After hours emergency treatment is subject to a \$75 fee. Our office will do the best we can to cater to your busy schedule.

Please feel free to call us with any questions and thank you for choosing our office.

Please read and initial the statements below.

_____ I have read the above information regarding insurance estimates.

_____ I have read the above information regarding the cancellation fees.
